Others	02	3	-	-
Total	176	32	-	-

1.2 (i) Flexibility of the Curriculum:

- Both Core/Elective options are the essential part of the curriculum. Some departments offer specializations in both the years whereas some offer these in the second year.
- Many Enrichment Courses are being offered by different departments of the University to enrich the knowledge and skills of students in other areas apart from their own disciplines. Soft Skills and Personality Development Course has been introduced for Engineering, M.B.A and Hotel Management students. Department of Distance Education offers various Certificate and Diploma Courses as Minor Courses which a student can pursue along with a Major Course and independently also. In the Department of Foreign Languages and the Department of Urdu and Persian Languages, Certificate and Diploma Courses in French and German Languages, and Urdu and Persian are run in the evening to enrich the knowledge of students about foreign and Indian languages respectively. Course on Business Analytics has been introduced as extra-disciplinary course as part of personal enrichment for MBA students. PGDCA Course is also being offered by Computer Department in the evening to improve the know-how of computers of the students and employees.
- Many integrated courses mentioned below are being offered in modular form;
 - Integrated Programmes: B. Tech-MBA Programmes in ME, Civil, CSE and ECE.
 - Integrated Programmes: B.A., L.L.B., M.B.A. Applied, M.Com. Honours, M.Sc. Honours in Botany, M.A Honours School in Economics, B.Tech-M.B.A.in ME, Civil, CSE and ECE.

- In majority of the UG and PG courses Credit equivalence and transfer facility exists. However, the candidates have to clear the deficient paper/s.
- Lateral and vertical mobility is allowed in some Departments. For example, after doing Diplomas, students can take admission in B.Tech second year (all the streams i.e. CSE, ECE, ME and Civil). After doing PGDCA, students can take admission in M.Sc. (IT) II year in the Department of Distance Education. After doing M.A. I year through regular mode, a student can seek admission in the same subject in M.A. II year in the Department of Distance Education.

(ii) *Pattern of the Programmes*

University provide the flexibility of bringing together the conventional face-to-face mode and the distance mode of education and allow students to choose and combine the courses they are interested in.

Pattern	No. of Programmes

2.6 Innovative process adopted by the Institution in Teaching and Learning

Adopted by the innovative in teaching and learning are:

- Case Study
- Practical Assignment
- Industrial Training
- Seminar
- Project Report
- Tutorials
- Dissertation work

In case of some of the departments some specific kinds of innovative process adopted are:

- **Department of Foreign Language:-**
 - Innovative technique of Psychodramaturgie in French language department.
 - Increased Use of Pattern Drills so as to help the students assimilate the major grammatical structures.

- Apart from the curriculum prescribed by the university, the element of Cross Cultural Communication has also been introduced to the students. They are made aware of the differences that exist between the cultures and are further made to realize the need to bridge the gaps thereby helping them to develop the Cross Cultural Competence.
- **Department of Electronics and Communication Engineering:** Smart learning classrooms are available in the department to carry out the presentations by Professors, students and for thesis seminar.
- **Department of Mechanical Engg.:** To expose the UG students with the challenges of Industrial environment, improve their personality traits and enhance their technical skills, the students are sent to various industries/R&D organizations for one complete semester (Project Semester) as a part of curriculum. During their project semester the students undertake various industrial/research projects. To introduce and enhance the research potential of the PG students, the attempt is made to allot industry/R&D based real time problems during their dissertation work towards the final semester of M.Tech. Programme. Most of the PG students carry out their dissertation work in collaboration industries/R&D organizations.
- **Department of Journalism and Mass Communication:**
 - Mock interviews and Mock Press Conferences.
 - The department runs 'Sada Campus' on you tube to trained students for electronic media.
- **Department of Music:** The department is constantly working for the promotion and propagation of classical music in this region and has emerged as a nodal centre for such activities. The innovative programs introduced in the last four years are as follows :
 - By including Folk music of Punjab and Sufi music as part of the curriculum the department has enlarged its area and scope in the field of music. Now not only focusing on classical music only, It provides an opportunity for the students to have a comprehensive understanding of music and widened scope of research.
 - Patiala being a gharana (school) of Khayal style of classical music the department has undertaken this responsibility and has introduced programs for making efforts towards the revival of this tradition. The department has arranged a series of concert and interactive programs with artists of Patiala gharana and now the artists of this tradition look forward to visit the department and perform here.
 - Punjabi University Patiala is the first university of this region to have started an Inter University Cultural Exchange Program. Under this program a contingent of the teachers and students of the department visit the department of music of some other university and then invite their delegation on its premises. The department has undertaken this program with University of Mumbai and M.S University of Baroda till now which has resulted towards getting wide exposure and promotion of the department at the national level.
 - The department has emerged as an institution preparing the students for stage performance, as music is a performing art. The students have got

several invitations and opportunities to perform in the musical and cultural functions at the University and State level and thus are emerging as promising performers of music.

- **Department of S. Sobha Singh Deptt. of Fine Arts:** The department is constantly working for the promotion and propagation of Fine Arts, Folk Art, Miniature, Painting, Graphic and Portrait in this region and has emerged as a nodal centre for such activities. Regular classes, provision for consultation hours, student's seminars, monthly tests, practical assignments, educational tour to National Museum and Art Galleries, lecture/Demonstrations of eminent artists and art historians of India and abroad, workshops and visit to the personal studios like Garhi, Surajkund etc. Education tour to Andretta (HP) and interaction with the family members of S.Sobha Singh and visit to his personal Art Gallery. The subject of Miniature Painting on Post Graduation level started from 2005 in our department. No other university is having his subject on the post graduation level in the Northern India. The department of Fine Arts is the foremost in this connection. The subject of Miniature Painting is taught here is traditional style, technique and equipments.
- **Gurmat Gyan Online Study Centre:** Gurmat Gyan Online Teaching Program run by Gurmat Gyan Online Study Centre is completely online program, teaching through bi-lingual audio-visual lessons. The website of the program is www.gurmatgyanonlinepup.com and the courses under this program are taught with completely online instructions, online teaching and online examination.

Criterion-III

3 Research, Consultancy and Extension

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the institution

Based on the feedback from the various departments/institutions, IQAC in their meetings identify the departments having potential for research activities and recommend special fund allocation in the annual budget for research activities and also encourage the departments to apply for research grants from various bodies like DST, FIST, UGC, etc.

Basically the Punjabi University, Patiala came into existence with an aim of promoting Punjabi language, art and culture and the development of Punjabi language as a medium of instructions and examination in various fields of study and generally for the promotion of higher education and research.

Besides generation and transmission of knowledge, the Punjabi University Act among others requires the University to make provisions.

- For imparting education in the humanities, sciences, learned professions and such other branches of learning as it may think fit and for research and advancement and dissemination of knowledge.
- To provide for research in Punjabi literature to undertake measures for the development of Punjabi language and to progressively adopt it as a medium of instruction and examination for as many subjects as possible.
- To prepare, translate and publish, and to assist other bodies and individuals in the preparation, translation and publication of books, journals, periodicals and any other material in Punjabi or other languages.
- For the spread of education among classes and communities which are educationally backward.
- For the maintenance of NCC or other similar training corps, physical and military training and students association and sports and athletic clubs.
- Considering the need of the hour, one of the objectives of the University is now also to excel in the areas of Computer Science, Management, Engineering and other professional streams.
- The goals and objectives are given in the University Calendar which is available to the faculty and staff. Also a copy of the University Calendar is kept in the University Library for all including the student, faculty and Head of Departments, Deans of Faculties and senior administrative staff members by holding the meetings of the
 - Faculty members of the departments.
 - The Administrative & Academic Committees of each department.

6.3 *Quality improvement strategies adopted by the institution for each of the following*

6.3.1 *Curriculum Development*

In the Last five years, the University has undertaken several measures, which can be labelled as best practices in curricular aspects:

The University has been alive to the fast-changing social and economic scenario. It has introduced several courses such as physiotherapy, biotechnology, bio-informatics, dress designing and tailoring, cosmetology, dietetics, tour and travel management, human genetics, industrial micro-chemistry, insurance business etc.

The University has very liberally promoted the adoption of UGC-sponsored add-on courses which include interior designing, environmental education, agro-services, rural handicrafts, data-care management, tourism, instrumentation, fashion designing, tax procedures & practices, entrepreneurship & small business, and communication skills.

The University has adopted the semester system in place of the annual system of examination for more effective organization of teaching and evaluation. This includes the introduction of internal assessment on the triple criteria of attendance, testing and assignments/classroom performance.

The syllabi are revised at least once every two years in view of the feedback received from various sources and the changing requirements.

6.3.2 *Teaching and Learning*

- Transparency is maintained in the whole of the admission process. Reservation of seats for differently abled individuals is strictly followed as directed by the State Government.
- The Semester system has been introduced and internal assessment has been made part of the evaluation programme.
- The University has created a placement cell which looks after the placement of all the students of the University. A counselling cell is also established in the department of Psychology.
- Establishment of Neighbourhood Campuses at Bathinda, Talwandi Sabo, SAS Nagar, Malerkotla, Dehradun, Jaito, Rampura Phul, Jhuneer, Karandi, Sardulgarh, Joga Ralla Dehla Seehan has been a unique innovation which is done for the academic growth of the rural and economically poor sections of the society.
- A unique and innovative way of financing higher education has been introduced in Yadavindra College of Engineering, Talwandi Sabo and Engineering College, Rampura Phul. In these colleges rural students who are economically weaker are admitted and the expenditure of their studies is met through the donars from India and abroad.
- Most of the faculty has been trained in the use of computers, internet and audio visual aids.
- Modern educational technologies in teaching, such as multimedia teaching have been strengthened. Almost all the departments have been provided with computers and internet facilities.
